Date of Birth: Jepara, October 19, 2000

Summary

I am a 24-year-old graduate of Telkom University, majoring in Software Engineering. Throughout my studies, I actively participated in various student organizations, including the Student Association and Regional Community Association. Academically, I served as a Teaching Assistant and a Practical Lab Assistant. I have a particular interest in System Analysis, UML, Databases, Quality Assurance (QA), Accounting, Production Processes, and IT Support.
